

## Quality Policy

Performing towards the highest quality standards is of paramount importance and is a key principle for the Roll Group. People are the heart of our company, and Roll Group invests in first class professionals with extensive experience gained in their respective industries.

This Quality Management System is mandatory and binding for each company within the Roll Group. A team of dedicated SHE-Q specialists manage and oversee the creation, development and implementation of business practices and ensure that standards are fully incorporated in the daily processes. Periodically this team audits compliance in all corporate and project processes with international and local (country, state, province, client etc.) legislation and regulations.

Management and employees, both ship and shore based, are equally committed to implement an Integrated Quality Management System in accordance with the requirements of ISO9001:2015 and any stakeholder requirement. The SHE-Q Manager maintains this system on behalf of Management.

Roll Group aims to be a worldwide leading supplier in heavy lift, transport and installation by:

- Empowering our employees with the necessary competences and tools;
- Providing healthy and safe working conditions, both on board the vessels and ashore;
- Developing innovative solutions to suit a wide range of situations;
- Complying with national and international regulations, relevant standards and guidelines;
- Flexible, intelligent and creative thinking; and
- Achieving continual improvement in performance to the satisfaction of all stakeholders.

It is the responsibility of each employee and department within each level of the organization to work in accordance with specific quality requirements and to play an active role in ongoing development and improvement.

In continuation of the above it is the policy of the Roll Group that all employees have the duty and the right to stop work upon discovery of a situation or condition which may potentially cause harm or violate the quality management system. The management supports the decision of its employees in the diligent execution of this policy.

This policy shall be reviewed annually for suitability and made available, communicated and understood within the organization in order to help achieve our business objectives.
